

# De-nitrification

## RBR: Roto-Bio-Reaktor

location: .....Institute for Polar and Marine Research, Germany  
 branch of customer: .....antarctic tanks 3 m<sup>3</sup>  
 type of AquaCare unit: .....RBR 15 with ACF 3.000 VC  
 capacity: .....3-30 l/h at 2°C  
 water quality: .....sea water: 35,000 mg/l TDS, 200 mg/l nitrate

antarctic crustacean

experimental unit with RBR 15, ACF 3000VC, dosing pumps and ozone generator connected to a 2 m<sup>3</sup> fish tank

antarctic biosystem
